Cinsault & Grenache glass 4.75 - bottle 22.75

### CAVA

Rigol Cava brut bottle 27.50

## LOCAL AND SUSTAINABLE PRODUCTS

We use locally sourced and sustainable products in our kitchen as much as possible. You can drink coffee from our coffee specialist Peeze and our croquettes are made in Rotterdam. We have craft beers from the Rotterdam brewery Kaapse Brouwers. Our cheese is the genuine, typical Rotterdamsche Oude matured cheese. The bread we serve is Pain de Mer, natural sourdough bread from Zeeland using purified salty seawater from the Oosterschelde national park.

Our apple tarts are freshly prepared every day in Rotterdam in a very special bakery. There are talented people working at Bakkerswerkplaats who cannot make their way in a normal working environment. They can learn the subtleties of the baking trade there.

## THE 'LAGE LICHT' LIGHTHOUSE

You can see the red Lage Licht lighthouse in the Maritime Museum Harbour from this cafe. From the end of the nineteenth century, it stood in Hook of Holland. Together with the Hoge Licht – the 'high light' – the 'low light' guided ships back then safely into the port of Rotterdam. The Lage Licht stopped being used in 1967 and was relocated ten years later to the head of Leuvehaven. It got its current spot in the museum's harbour in 1990.

## WELCOME ON BOARD!

Would you like to hold your drinks evening, children's party or meeting at an unusual maritime location right in the heart of Rotterdam? Ask our staff about the possibilities or take a look on [maritiemmuseum.nl](http://maritiemmuseum.nl)

Please tell us if you have an allergy or dietary preference and we'll be pleased to help!
